

Project Profile:

Cypress Ridge Winery

3,600 Sq. Ft. Single-Story Laboratory and Office Building
Located in King City, CA

DETAILS:

This winery and office building was built to expand the wineries existing operations.

TIME TO COMPLETE:

142 days from delivery to occupancy.

SPECIAL FEATURES:

This 24x60 building was connected to an existing 36x60 building to create a large, integrated 60x60 structure. The interior was opened up to create a larger lab, conference room and more privacy for executive staff. These buildings were designed to appear to be one large space with an updated reception area and insulated office areas in the executive portion of the building.

- Reception counter
- Laboratory
- 10 offices
- Storage room
- Restrooms
