WE ARE FLEETWOOD

OUR PRODUCTS

All of our Fleetwood products are designed, engineered, and manufactured by our team in Holland, Michigan. Our Fleetwood Furniture portfolio is broad enough to provide solutions throughout an entire school and district, from Pre-K to 12th grade and beyond. Our solutions are inspired by insights found through researching, listening, observing, and truly seeking to understand how we can help improve outcomes.

WE ARE EMPLOYEE-OWNED AND MADE IN THE USA

As a 100% employee-owned company, we benefit from the exceptional level of commitment from our people. Starting from raw materials, we cut, weld, machine, bend, sew, mold, paint, adhere, and assemble all of our products in Holland, Michigan, USA.

WE STRIVE FOR EXCELLENCE

We strive to meet customer needs by providing high-value products through excellence in innovation, quality, delivery, and service.

GIVING BACK

Caring for those in need within our community and beyond is a core value of Fleetwood. Each year, Fleetwood donates 16 hours of each employee's time to work on local service projects, and 20% of our profits go towards missions and other caring needs identified by our employees. Additionally, our employees are encouraged to participate in a one-week mission trip each year.

HOLISTIC, PERSONALIZED SERVICES

We will communicate with you, provide design solutions, help coordinate your projects, meet delivery commitments, and stand behind our best-in-class warranty. We want to work with you!

E! SEATING

Seamlessly fits into any setting, from the classroom to the cafeteria - easy to use, clean, and love. E! seating has a one piece rib-free back and seat shell with a patented integrated handle and backpack hook. Available in a vibrant array of colors, it offers comfortable, intuitive, ergonomic support that helps students focus on learning.

spaces4learning
NEW PRODUCT AWARD 2022

E! SEATING

Three shell sizes and a flexing back provide comfortable ergonomic support for all ages and body types. The flexing back provides passive ergonomic support to help keep students attentive. The sturdy design resists blushing at the bend point. Back shell features a patented and award-winning handle with built-in hook to keep backpacks off the floor and improves classroom circulation space for teachers trying to provide personal attention to all students.

STACKER

Stack up to 10 high to maximize storage density.
Seat Heights: 10, 12, 14, 16, 18"
Mobility: Glides

TASK

Mobility and height adjustability for teachers and older students.
Seat Height Range: 14-20"
Mobility: Roll control casters

REVERSE CANTILEVER

Stack up to 6 high; place on top of tables for easy floor cleaning.
Seat Heights: 14, 16, 18"
Mobility: Glides

TASK STOOL

Sit-and-stand flexibility in a mobile, height-adjustable chair.
Seat Height Range: 22-32"
Mobility: Roll control casters

CASTER

Supports agile classrooms.
Seat Height: 18"
Mobility: Roll control casters

STOOL

Ideal for alternating sit and stand postures.
Seat Heights: 26, 30"
Mobility: Glides

ONE CHAIR FOR EVERY BODY.

E! Seating offers a range of size and functional options to meet virtually any K-12 application.
Get all the chairs you need for your entire student population from a single source.

THE SHELL

Three shell sizes and a flexing back provide comfortable ergonomic support for all ages and body types. One-piece, no-rib construction eases cleaning and maintenance.

HOOK IN THE HANDLE

Back shell features a handle with built-in hook to keep backpacks off the floor and improve flow as students travel between classes and as teachers navigate from student to student within the classroom.

THE BACK

The flexing back provides passive ergonomic support to help keep students attentive. The sturdy design resists blushing at the bend point.

STACKED AND PACKED

Stacks up to 10 high to facilitate floor cleaning and ease transport.

THE BASE

Leg bases are 1” diameter powder-coated, heavy-gauge steel with a molded-in, metal-to-metal shell connection for exceptional strength and no pinch points. Choose from roll control caster and pivoting glide options.

ROLL CONTROL CASTERS

Roll control casters keep your chair stable, only rolling freely when weight is applied.

GLIDES

For E! Seating stacker and stool the standard is a glide nylon with felt glide upgrade option

ROCK

Rock stools elevate learning by promoting body movement and student engagement. The unique patented seat design encourages the kind of motion that transforms tired, distracted students into active learners. Sturdy backless design with age-appropriate height options. Plus, gentle seat contours and unique cushion material improve blood circulation, posture, attentiveness, and eye-to-eye interaction.

CREATES FLEXIBILITY ACROSS AGES AND HEIGHTS

The thoughtfully located footrest and adaptive seat allow the Rock Stool to be used across a broad range of ages and learning postures. Rock Stool also works great as an intervention tool for teachers to comfortably sit or perch next to a student's desk.

FLEETWOOD'S DEFINITIONS OF LEARNING POSTURES	
SIT	Rear fully in seat, hips at right angle, feet flat on floor or footrest. **Focused and Settled**
PERCH	Rear on edge of seat, hip angle open, feet on floor or footrest. **Alert and Engaged**
STAND	Rear out of seat and body upright. **Active and Collaborative**

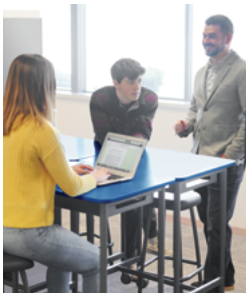
SIT
Focused and Settled
Rock's contoured, tilting molded foam seat and integrated footrest enhance comfort while seated.

PERCH
Alert and Engaged
The tilting seat provides a stable and comfortable platform for shifting forward into a perched posture.

STAND
Active and Collaborative
When paired with elevated worksurfaces, Rock allows for a seamless transition to standing.

PRODUCTIVE FIDGETING
Our patented seat mechanism with 360 degrees of tilting motion, facilitates various learning postures.

ROTATE
The non-handed, backless seat enables students to easily swivel around as class focal points change.



EYE-TO-EYE
Elevating students brings them eye-to-eye with teachers for improved interactions.

SUGGESTED WORKSURFACE HEIGHTS PER GRADE LEVEL

FIDGET FRIENDLY
Our patented active base mechanism provides just the right amount of motion while remaining stable and anchored in place.

SMART DESIGN
Detailed stitching, stain-resistant fabric, and dual-density foam optimize aesthetics, cleanability, comfort, and stability.

COMFORTABLE AND CONFIDENT
Designed to be comfortable for young students while supporting large adults, the main body of Soft Rock is very firm and light, while the top seat portion features a softer foam layer.

MULTIPLE HEIGHTS
Four height options ensure there is a Soft Rock for students of all sizes.

COMFORT AND FLEXIBILITY
The soft corners and round square shape of Soft Rock gives students the freedom to move, sit, and perch.

SEATING

SOFT ROCK

Like the Rock stool, this fully upholstered seating solution is designed to encourage students to move in ways that naturally focus attention and engagement. It can be equipped with a special base that allows an even wider range of motion. Soft Rock is available in multiple heights to suit different body sizes and create a varied visual landscape.

WORKSURFACE HEIGHTS & THE 3 MAIN POSTURES

SIT
Focused and Settled
Rear fully in seat, hips at right angle, feet flat on floor or footrest.

PERCH
Alert and Engaged
Rear on edge of seat, hip angle open, feet on floor or footrest.

STAND
Active and Collaborative
Rear out of seat and body upright.

SUGGESTED WORKSURFACE HEIGHTS PER GRADE LEVEL						
	EARLY LEARNING	PreK-K	1-2	3-4	5-6	7-12+
STANDARD (Sit or Perch)	18"	20"	24"	26"	28"	29"
ELEVATED (Sit, Perch or Stand)	22"	24"	28"	32"	34"	37"
TALL (Stand or Sit)	24"	26"	30"	34"	37"	40"

Unitized Welded Frame desk with desk storage box and Gratnells tray.

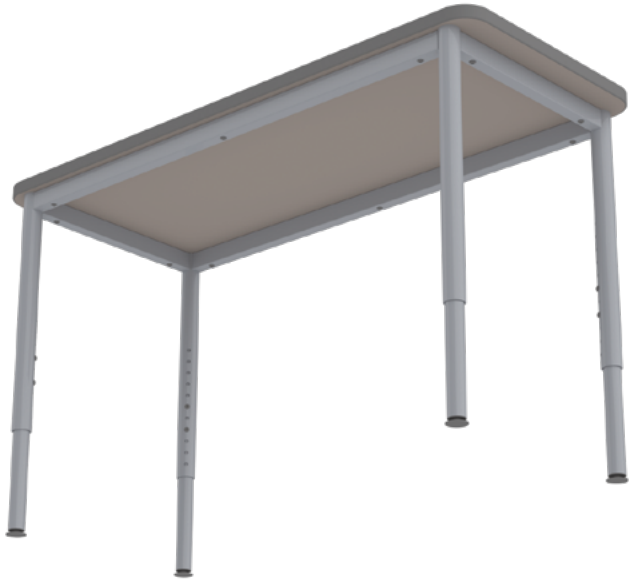
FLEETWOOD'S SIGNATURE: UNITIZED WELDED FRAME

WHEN IS IT A DESK AND WHEN IS IT A TABLE?

The difference is quite simple. For desk solutions, we have eliminated the top front rail of the frame. This allows for under-worksurface storage solutions, such as desk storage boxes and sliding Gratnells trays.

DESK
Unitized Welded Frame desk without front top rail.

TABLE
Unitized Welded Frame with front top rail.

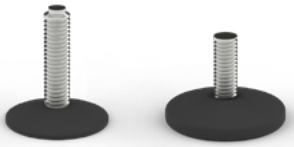


FEATURES & OPTIONS

See spec guide for more details.

MOBILITY

75mm casters



Levelers (small and large)

5” diameter post casters

MOBILITY EXAMPLES

75mm casters

UNITIZED WELDED FRAME

Fleetwood's signature Unitized Welded Frame desks are the industry leaders for individual or two-student desks. Strength, durability, mobility options, clean aesthetics, and under-worksurface storage options are unparalleled. Our Unitized Welded Frame tables are perfect for group use, sitting and standing applications, fixed, and mobile purposes. Tailor them to meet your needs.

WORKSURFACE

- 1" thick worksurfaces except for Maple Block
- HPL (standard)
- Chemical Resistant HPL
- Phenolic Resin (available on select shapes)
- Solid Maple Block (1-3/4" thick) (available on rectangle shape)
- Rectangle shape with square corners
- Other shapes with rounded corners

FRAME AND LEGS

- Legs are fully welded to frame under worksurface
- DESKS: Worksurface perimeter frame is 3-sided on tops 36" wide x 30” deep or less, excluding 30” wide x 30” deep
- 2 STUDENT DESKS: Worksurface perimeter frame is 3-sided on all sizes
- TABLES: Worksurface perimeter frame is 4-sided on tops 30" wide x 30” deep, 36” wide x 36” deep, and 48” wide-72"wide
- Square or round tube legs for rectangular tops
- Square tube legs for rectangular computer tops
- Round tube legs for plane and other shaped tops
- See ADJUSTABLE HEIGHT for other features

MOBILITY

- 1.5” diameter levelers - all legs (HPL or Chemical Resistant HPL worksurface material)
- 2” diameter levelers - all legs (square legs with phenolic resin or maple block worksurface material)
- Wheelbarrow - 75mm casters and 1.5” diameter levelers (HPL or Chemical Resistant HPL worksurface material and desk/table size 72” wide x 24” deep or smaller)
- 75mm casters - all locking
- 5” casters - All locking (square leg only)

SHIPPING

- Worksurfaces ship stacked, separate from frame/leg assembly, unless table is specified assembled or maple block worksurface material is ordered.
- Frame/leg assemblies ship stacked, unless table is specified assembled or maple block worksurface material is ordered.
- Levelers or caster stems installed on legs
- Casters field installed

DESKS & TABLES

UNITIZED WELDED FRAME

FIXED HEIGHT
• 29" high

ADJUSTABLE HEIGHT
• 20"-28" high
• 24"-32" high

KEY FEATURES
No side or foot rail bar standard on:
• 20"-28" high - no visible adjustment holes between 20"-23" heights
• 24"-32" high - no visible adjustment holes
• 1” height adjustment increments
• Tamper resistant, dual height adjustment system

ADJUSTABLE HEIGHT WITH SIDE RAILS
• 29"-42" high

KEY FEATURES
Side rail bar standard on:
• Adjustment holes may be visible below 34" height
• 29"-42" - Potential visible adjustment holes between
• For 29-42h Side rail bar is 8.5" above the floor
• 1" height adjustment increments
• Tamper resistant, dual height adjustment system

ADJUSTABLE HEIGHT WITH SIDE AND FOOT RAILS
• 29"-42" high (with 36”, 42”, or 48” deep worksurface).
• 34"-42" high (All worksurface depths)

KEY FEATURES
• Side rail & foot rail are 8.5" above the floor
• Foot rail bar is centered between legs
• Foot rail diameter is 1.25"
• 1" height adjustment increments
• Tamper resistant, dual height adjustment system

UNITIZED WELDED FRAME

HOW TO ORDER - UNITIZED WELDED FRAME-SQUARE LEGS DESKS & TABLES

1) Select table worksurface size, height & mobility from the chart below.	
2) Select Worksurface material	Default material is HPL G3. See additional worksurface material options and list upcharge. Indicate on your order which material has been selected. HPL G5 requires a minimum quantity of 25. Quantities of 100 or more contact Fleetwood for pricing.
Select Finish Colors - Click to view finish colors	LAMINATE & EDGEBAND - Indicate the color selections on your order HPL G3 = select laminate and edgeband color. Markerboard HPL = available in white only. Select Fleetwood edgeband color HPL G5 = provide the Wilsonart color name, number and if code is -38 or -60. Select Fleetwood edgeband color Chem Resistant HPL = available in black with black edgeband only Phenolic Resin = available in black only. No edgeband to select Maple Block = available with clear finish only. No edgeband to select. Tables with Maple Block worksurface ship fully assembled PAINT Select paint finish for table frame. Computer Rectamgle wire management tray color matches frame color.
Select assembly option	Desks and tables ship unassembled from the factory. Product can be factory assembled. Upcharges: Fixed height $70 Adjustable height $103 Freight classification changes to 125.
Select accessories	Click to view accessories available for this product and are field installed. Factory installation available. Add product assembly upcharge to accessory list price. Freight classification changes to 125.

*An asterisk * following the model number in the pricing chart indicates the product is accessible with a wheelchair*

Product Notes:

- 29"-42"H adjustable tables in 36", 42" or 48" depths include side & foot rails.
- Wheelbarrow mobility not available with phenolic resin or maple block worksurfaces and not available on table size greater than 72"wide x 24" deep
- 5" high caster adds 3" to adjustable height range 20-28" and 24-32". Fixed height and adjustable height range 29-42" and 34-42" do not change.
- Tables with maple block worksurface material will ship assembled from the factory with no additional product assembly charge.

UNDERSTANDING THE MODEL NUMBER:

HOW TO ORDER - UNITIZED WELDED FRAME-ROUND LEGS DESKS & TABLES

Select table worksurface size, height & mobility from the chart below.

Select Worksurface material	Default material is HPL G3. See additional worksurface material options and list upcharge. HPL G5 requires a minimum quantity of 25. Quantities of 100 or more- contact Fleetwood for pricing
Select Finish Colors	LAMINATE & EDGEBAND - indicate color selections on order HPL G3 = select laminate and edgeband color Markerboard HPL = available in white only. Select Fleetwood edgeband color HPL G5 = provide the Wilsonart color name, number and if code is -38 or -60. Select Fleetwood edgeband color Chem Resistant HPL = available in black with black edgeband only. Available on Rectangle and Plane worksurface shapes only. PAINT - Select paint finish for table frame. Computer Plane wire management tray color matches frame color. 2 Student Desk storage box color matches frame color (center partition is Etched Gray with Graphite edgeband).
Select assembly option	Desks and tables ship unassembled from the factory. Product can be factory assembled. Upcharges: Fixed height $70 Adjustable height $103 Freight classification changes to 125
Select accessories	Click to view accessories available for this product and are field installed. Factory installation available. Add product assembly upcharge to accessory list price. Freight classification changes to 125

*An asterisk * following the model number in the pricing chart indicates the product is accessible with a wheelchair*

Product Notes:
*29"-42"H adjustable tables in 36", 42" or 48" depths include side & foot rails.
**Wheelbarrow mobility not available on table size greater than 72"wide x 24" deep

UNDERSTANDING THE MODEL NUMBER:

TUNP 6024 A32 W

TUNP	6024	A32	W
Frame Style & Worksurface Shape	Worksurface Size	Table Height	Mobility

Unitized Frame-round leg table, Plane shape worksurface, 60w x 24d, adjustable height range 24" - 32", wheelbarrow mobility.
When product is ordered, a manufacturing number will be provided to express all options selected.

C-LEG

C-Leg desks provide a minimal base with swing out leg room, ideal for compressed classroom spaces.

FIXED HEIGHT

- 29" high

ADJUSTABLE HEIGHT

- 24”-32” high
- 29”-42” high
- 1” height adjustment increments
- Tamper resistant, dual height adjustment system

WORKSURFACE

- 1" thick worksurfaces
- HPL (standard)
- Rectangle shape with square corners
- Plane shape with rounded corners

MOBILITY

- 2” diameter levelers
- 75mm casters - locking

FRAME AND LEGS

- Fully welded
- Square tube legs
- Rectangle crossbar
- Rectangle base
- Bag hook accessory attaches to bar
- See ADJUSTABLE HEIGHT for other features
- Two student desk includes under desk storage box with center divider. Factory installed.

SHIPPING

- Worksurfaces ship stacked, separate from frame/leg assembly
- Frames ship nested
- Levelers or casters installed
- Height adjustment tools included if needed
- Two student desk ships fully assemblec with under desk storage box installed.

FLIP & NEST

Give teachers the flexibility to move tables in and out of active use as needed. Pull up on the recessed activation bar to flip worksurfaces up and roll them out of the way – or use them for vertical display.

FIXED HEIGHT
• 29" high - No foot rail

ADJUSTABLE HEIGHT
• 21”-28” - No foot rail
• 25”-32” - No foot rail
• 29”-42” - No foot rail
• 34”-42” - With foot rail
• 1” height adjustment increments
• Tamper resistant, dual height adjustment system

WORKSURFACE
• 1" thick worksurfaces
• HPL (standard)
• Rectangle shape with square corners
• Other shapes have rounded corners

MOBILITY
• 75mm casters - locking - all legs

FRAME AND LEGS
• Fully welded
• Square tube legs
• Rectangle crossbar
• Rectangle tube base
• Activation bar and mechanism integrated into frame

ADDITIONAL FEATURES
• Standard frame inset is 4”
72” wide tables have a 10” inset
• Activation bar

SHIPPING
• Unit ships assembled

HOW TO ORDER - FLIP & NEST

Select table worksurface size, height & mobility from the chart below.

Select Worksurface material	Default material is HPL G3. See additional worksurface material options and list upcharge. HPL G5 requires a minimum quantity of 25. Quantities of 100 or more- contact Fleetwood for pricing
Select Finish Colors	LAMINATE & EDGEBAND - indicate color selection on order HPL G3 = select laminate and edgeband color Markerboard HPL = available in white only. Select Fleetwood edgeband color HPL G5 = provide the Wilsonart color name, number and if code is -38 or -60. Select Fleetwood edgeband color Chem Resistant HPL = available in black with black edgeband only. Available on Rectangle and Plane worksurface shapes only. PAINT - indicate color selection on order Select paint finish for table frame
Select assembly option	Product ships assembled from the factory.
Select accessories	Click to view accessories available for this product and are field installed.

Product Notes:
Adjustable height range 21" - 28" not available on 30d worksurface size

UNDERSTANDING THE MODEL NUMBER:

FNPW 428 F

Flip and Nest table with Pillow shape worksurface, 48w x 24/29d, adjustable height range 34" - 42", 75mm caster mobility.

When product is ordered, a manufacturing number will be provided to express all options selected.

STACKER

Classrooms need tables, but experiential learning also requires open areas. You can achieve both goals with these fully welded steel-leg tables, which stack up to three high.

FIXED HEIGHT
• 29" high

ADJUSTABLE HEIGHT
• 24"-32"
• 1" height increments
• Tamper resistant, dual height adjustment system
• No visible adjustment holes

WORKSURFACE
• 1" thick worksurfaces
• HPL (standard)

MOBILITY
• 1.5” diameter on all levelers - all legs
• Wheelbarrow - 75mm casters and 1.5” diameter leveler combination
• 75mm casters - all legs

FRAME AND LEGS
• Fully welded
• Perimeter rectangle tubular frame under perimeter of worksurface.
• Perimeter frame not on worksurface front
• Rounded tube legs
• See ADJUSTABLE HEIGHT for other features

ADDITIONAL FEATURES
• Protective worksurface bumpers

SHIPPING
• Worksurfaces ship stacked, separate from frames
• Frames ship stacked
• Levelers or caster stems installed on legs
• Casters field installed

HOW TO ORDER - STACKER

Select table worksurface size, height & mobility from the chart below.

Select Worksurface material	Default material is HPL G3. See additional worksurface material options and list upcharge. HPL G5 requires a minimum quantity of 25. Quantities of 100 or more- contact Fleetwood for pricing
Select Finish Colors	LAMINATE & EDGEBAND - indicate color selection on order HPL G3 = select laminate and edgeband color Markerboard HPL = available in white only. Select Fleetwood edgeband color HPL G5 = provide the Wilsonart color name, number and if code is -38 or -60. Select Fleetwood edgeband color PAINT - indicate color selection on order Select paint finish for table frame
Select assembly option	Upcharge is $70 for fixed height, $103 for adjustable height. Freight classification changes to 125.
Select accessories	Click to view accessories available for this product and are field installed.

Product Notes:
*29"-42"H adjustable tables in 36", 42" or 48" depths include side & foot rails.
**Wheelbarrow mobility not available on table size 54" wide x 27" deep

CLICK TO

PNEUMATIC BASE

Promote healthy movement by enabling teachers and students to alternate between sitting, perching or standing throughout the day. An easy-to-operate handle underneath the worksurface adjusts height.

ADJUSTABLE HEIGHT
- Single column on casters: 28"-45"
- Double column on levelers: 28"-48"
- Double column on casters: 31"-51"

WORKSURFACE
- 1" thick worksurfaces
- HPL (standard)
- Rectangle shape with square corners
- Other shapes with rounded corners

MOBILITY
- Levelers - double column only
- 75mm casters - single & double column
- 3"H increase on castered double column

FRAME AND LEGS
- 3-part pneumatic column with flat top plate
- Non-stepped adjustability
- Rectangle base
- Silver paint only
- 35lb. capacity when in motion
- 400lb. capacity when in fixed position
- Desk storage box is factory installed.

ADDITIONAL FEATURES
- Under worksurface mounted handle to adjust height of worksurface

SHIPPING
- Table ships assembled with casters or levelers installed

POST LEG

Integrate organic worksurface shapes, larger tops, and unique configurations into your space. Fully welded post legs have a large thick-gauge steel plate positioned to help ensure strength and stability. Custom shapes available.

FIXED HEIGHT
- 14” high
- 29” high

ADJUSTABLE HEIGHT
- 20”-28”
- 24”-32”
- 1” height adjustment increments
- Tamper resistant, dual height adjustment system

WORKSURFACE
- 1” thick worksurface HPL
- Rounded corners 2” radius

MOBILITY
- 1.5” diameter levelers
- 75mm casters - locking

LEGS
- Round tube legs with rectangle top plate
- See ADJUSTABLE HEIGHT for other features

SHIPPING
- Worksurfaces ship stacked, separate from legs
- Legs are bulk packed
- Levelers or casters installed

CRANK HEIGHT ADJUSTABLE

Give students the power to gain new leverage or perspective on their projects through vertical table movement. Table legs and worksurfaces are engineered to support heavy weight.

ADJUSTABLE HEIGHT
- 27”-38.5” for 1” thick worksurface
- 1.75” thick maple block worksurface adds 0.75" to height ranges.

WORKSURFACE
- 1" thick worksurfaces
- HPL (standard)
- Chemical Resistant HPL
- Phenolic Resin
- Solid Maple Block (1-3/4" thick)

MOBILITY
- 2” diameter levelers - all legs

FRAME AND LEGS
- 11.5" height adjustable legs
- Tubular base
- Metal modesty panel. Color matched to legs

ADDITIONAL FEATURES
A Crank handle with slip clutch

B Anodized finish on upright

C Painted finish on foot

SHIPPING
- Ships assembled
- Levelers installed

Model No. MSL99 List Price: $46 each

MOBILE LEARNING STATIONS

The Mobile Learning Stations (MLS) and Calm Cubby offers flexible, personalized spaces for student success. The MLS units create adaptable areas for tutoring, accommodations, and independent study, allowing educators to arrange learning environments both inside and outside the classroom to meet diverse student needs.

Calm Cubby provide a mobile sensory break area where students can focus, reflect, or regulate emotions in a cozy space. This flexible learning environment supports varied learning styles, providing group or focused work.

MOBILE LEARNING STATION

The Mobile Learning Station (MLS) is designed for flexible and focused learning. It meets the needs of tutoring, student accommodations and independent study. Educators can create unique learning spaces inside or outside the classroom, adapting to individual needs of students.

ILLUSIONS 2.0

BASIC APPLICATION LOGIC

Illusions 2.0 works in multiple settings. Use it for perimeter applications. Select simple, full-storage options or high-tech educational aids. Illusions 2.0 is at home in either expansive wall-to-wall settings or tight, compressed spaces.

FREESTANDING OR ATTACHED

Illusions 2.0 offers versatile installation options to suit your needs. We have performed stability testing on all storage units and have integrated stability enhancing hidden counterbalance weights when needed. Floor supported storage units can stand individually or be joined together to form large solutions. Floor supported and wall-hung storage units can also be combined to emulate traditional built-in arrangements. The strictest state and local codes can be satisfied by securely bolting storage units to walls and floors.

PERIMETER-BASED STORAGE

Illusions 2.0 provides the look and function of built in cabinetry, but with reduced installation time and cost. Additionally, the flexibility to move or change out cabinets provides added value that built in cabinetry cannot match. Pair the 20" storage with 20", 24" , or 25" deep tops, and choose from a wide breadth of options including cubbies, drawers, tote trays, poster storage, and more.

LEARNING WALL LAYERED APPROACH

Place display monitors, markerboards, and storage in one easy to access unit that optimizes teaching methods and floor space. Objects tuck efficiently behind sliding boards for easy access without clutter. Because base cabinets can be 29” or 37” high, both kindergarten and high school students can comfortably reach markerboards. Media hutches work with 14” or 20” deep base storage.

SPACE COMPRESSION

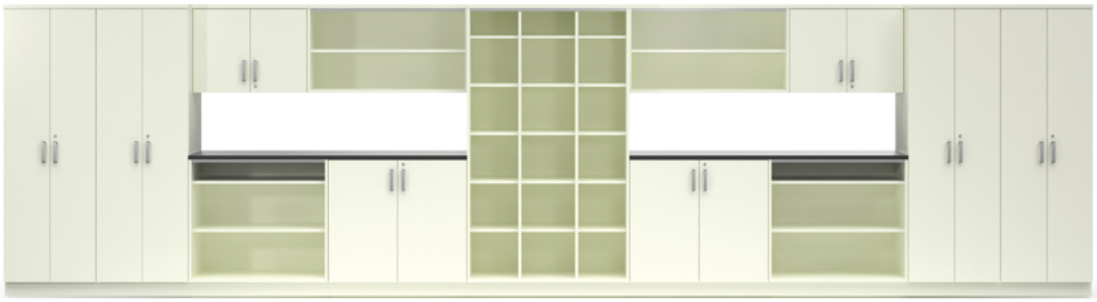
As classroom sizes shrink, employ Illusions 2.0 to maximize vertical and horizontal real estate. Units reach up to 84” high and can be as shallow as 14” deep. This allows storage and media to go on one wall and frees up crucial wall space for other uses. It also opens up aisle ways.

Space Efficiency – 14” deep monitor hutch joins the 14” deep bookcases for a highly efficient space saving solution.

Simplicity + high function – color coded tray cabinet with hidden casters can signal student-owned materials that is easily moved.

Adaptable – Illusions 2.0 can replace traditional built-in cabinetry and match other furniture for a holistic and flexible solution.

Dial it in – the huge Illusions 2.0 offering provides the ability to meet specific needs now with flexibility to easily change in the future.



Maximize – teachers need storage, the walls of a classroom are valuable space that can be maximized.

Assign – share a classroom with several teachers and still give each teacher their own set of cabinets.

Compact – so much storage and function can go into an Illusions 2.0 Learning Wall. A unique configuration can be created for every classroom throughout a school.

Maximize without commitment – put clutter behind doors and maximize space yet keep the ability to reconfigure and move it.

Replace, Reduce, Reuse – replace built-ins, reduce install time, change the arrangement and reuse Illusions 2.0.

LAMINATE GRADING SYSTEM

All Fleetwood storage products are available in three grades of laminate.
Grade 1 (G1) Thermally Fused Laminate (TFL)
Grade 3 (G3) High Pressure Laminate (HPL)
Grade 5 (G5) High Pressure Laminate (HPL) Any standard Wilsonart HPLlaminate in either a #38 Fine Velvet Texture or #60 Matte finish. Specify desired Wilsonart laminate color and finish level (#38 or #60). #38 Fine Velvet Texture - A smooth textured finish with moderate reflective value. Recommended for horizontal and vertical applications. #60 Matte - Textured finish with moderate reflective quality. Recommended for horizontal and vertical applications.

BASE SHELF

WORKSURFACE
- No worksurface (default)
- Matching width worksurface with or without backsplash
  - HPL (worksurface and backsplash default)
- Spanning width worksurface, spanning width backsplash (order both separately)
  - HPL (worksurface and backsplash default)
  - Chem resistant HPL
  - Phenolic resin
- 1” thick worksurface and backsplash
- 3mm edgeband

SHELF
- Adjustable, fixed, and base
- 35 lb. to 100 lb. capacity depending on width
- TFL (default)
- Painted metal

DOOR
- Soft close 120° European hinge
- Keyed alike cylinder lock
- Lock plate on double door unit

PULL
- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

MOBILITY
- 4” leveler (default)
- Leveler/caster assembly
- Height adjustment features concealed

CASE
- Camlock design
- .75" thick laminate panels except for 1” thick bottom
- All visible panels finished
- 1mm edgeband
- Metal stretcher in top back
- Metal reveal in top front
- Through bolt connector to join adjacent cases
- Bottom panel can act as a shelf

SHIPPING
- Ships assembled
- Matching width worksurface, pull, shelf, leveler, and caster attached (as applicable)

  - Phenolic resin
- 1” thick worksurface and backsplash
- 3mm edgeband

DOOR
- Soft close 120° European hinge
- Keyed alike cylinder lock
- Plumbing cover panel on doorless case

PULL
- Arch pull - 128mm (default)
- Metro pull - 128mm
- Urban pull - 128mm

MOBILITY
- 4” leveler (default)
- Height adjustment features concealed

USABLE SINK SPACE
- Subtract 3.5” from back edge of cabinet
- Subtract 3.25” from each side of cabinet
- Subtract 3.75” from front of cabinet (4.75” if using 25” deep worksurface)

CASE
- Camlock design
- .75" thick laminate panels except for 1” thick bottom
- All visible panels finished
- 1mm edgeband
- Metal stretcher in top back
- Metal reveal in top front
- Through bolt connector to join adjacent cases
- Case is either a true 20” or 24” depth; no filler needed
- K-12 and ADA heights available

SHIPPING
- Ships assembled
- Matching width worksurface, pull and leveler attached (as applicable)
- Buy sink and plumbing from a preferred source
- Field cut sink opening

TALL CUBBY

TOP
- 1” thick
- TFL
- 3mm edgeband

SHELF
- 35 lb. capacity
- TFL (default)
- Adjustable and base
- Painted metal

MOBILITY
- 4” leveler (default)
- Leveler/caster assembly (68"H only)
- Concealed height adjustment features

CASE
- Camlock design
- .75" thick laminate panels except for 1” thick bottom
- All visible panels finished
- 1mm edgeband
- Metal reveal in top front
- Through bolt connector to join adjacent cases

SHIPPING
- Ships assembled
- Leveler and caster attached (as applicable)

Cubby shelves are shipped to accommodate 3-ring binder height. When delivered, the top cubby opening may be shorter than other cubby heights because of the overall cabinet height restrictions. Cubby shelf height is adjustable in 32mm (1.26") increments, so adjust height to achieve desired cubby sizes. You can also add or subtract cubby shelves to achieve the desired number of compartments.

68”H units and above will have one fixed shelf at 43” from floor.

Cubby width is fixed and equally divided within the unit. To determine cubby width, subtract .75” for each vertical panel from the overall cubby storage width dimension. Take that number and divide by the number of vertical cavities. For example, for a 48”W cubby unit with 3 cubbies will have 4 vertical panels. The cubby width is 15”.

See equation below.
(Overall width in inches-(#vertical panels x .75”))
/3=cubby width (48-(4*.75))/3=15

FILLER - SIDE, TALL, FRONT

BASE STORAGE FILLER
- TFL
- 1mm edgeband
- Connecting hardware
- Use for end-of-run application with 24” or 25” deep worksurfaces

TALL STORAGE FILLER
- TFL
- 1mm edgeband
- H-shaped structure used with 24” deep tall storage; select 24” deep option on tall storage for 24” deep top
- Connecting hardware
- Use when tall storage application results in gap between cabinet and wall
  - Next to base storage with 24” or 25” deep worksurface
  - End-of-run
- If hutch butts up against side of tall tower, hutch fills gap instead of filler

BASE FRONT FILLER
- TFL
- 1mm edgeband
- Connecting hardware
- Use when wall-to-wall fit-up is desired when facing application
- Field cut to desired size
- Select spanning top to fill gap created by front filler
- Spanning top field cut if gap is not on 3” module
- Custom worksurface sizes also available for use with front filler

SHIPPING (ALL FILLERS)
- Ship ready to assemble

LAMINATE GRADING SYSTEM

All Fleetwood storage products are available in three grades of laminate.
Grade 1 (G1) Thermally Fused Laminate (TFL)
Grade 3 (G3) High Pressure Laminate (HPL)
Grade 5 (G5) High Pressure Laminate (HPL) Any standard Wilsonart HPLlaminate in either a #38 Fine Velvet Texture or #60 Matte finish. Specify desired Wilsonart laminate color and finish level (#38 or #60). #38 Fine Velvet Texture - A smooth textured finish with moderate reflective value. Recommended for horizontal and vertical applications. #60 Matte - Textured finish with moderate reflective quality. Recommended for horizontal and vertical applications.

If markerboard is desired on cabinet exterior, please call for quote.

BACK OPTIONS

Laminate, markerboard, or metal pegboard backs
Markerboard and Pegboard backs are metal and accept magnets.

SHIPPING
- Ships assembled
- Shelf and caster attached

NOTE:
Cubby shelves are shipped to accommodate 3-ring binder height. When delivered, the top cubby opening may be shorter than other cubby heights because of the overall cabinet height restrictions. Cubby shelf height is adjustable in 32mm (1.26") increments, so adjust height to achieve desired cubby sizes. You can also add or subtract cubby shelves to achieve the desired number of compartments.

68”H units and above will have one fixed shelf at 43” from floor.

Cubby width is fixed and equally divided within the unit. To determine cubby width, subtract .75” for each vertical panel from the overall cubby storage width dimension. Take that number and divide by the number of vertical cavities. For example, for a 48”W cubby unit with 3 cubbies will have 4 vertical panels. The cubby width is 15”.

See equation below.
(Overall width in inches-(#vertical panels x .75”))/3=cubby width (48-(4*.75))/3=15

SHEERLINE

Sheerline storage blends wood and steel for a robust storage solution with an industrial aesthetic. Steel perimeter frames and shelves withstand the most demanding environments, including science and makerspaces. Five-knuckle hinges and steel drawer bodies are engineered for superior durability. Large locking industrial casters make Sheerline easy to move while remaining incredibly stable.

LAMINATE GRADING SYSTEM

All Fleetwood storage products, are available in three grades of laminate.
Grade 1 (G1) Thermally Fused Laminate (TFL)
Grade 3 (G3) High Pressure Laminate (HPL)
Grade 5 (G5) High Pressure Laminate (HPL) Any standard Wilsonart HPLlaminate in either a #38 Fine Velvet Texture or #60 Matte finish. Specify desired Wilsonart laminate color and finish level (#38 or #60). #38 Fine Velvet Texture - A smooth textured finish with moderate reflective value. Recommended for horizontal and vertical applications. #60 Matte - Textured finish with moderate reflective quality. Recommended for horizontal and vertical applications.

UNDERSTANDING BUILD-UP BOOKCASES

STARTER ADDER BOOKCASE RUN END-OF-RUN PANEL

STARTER BUILD-UP BOOKCASES

Starter bookcases always begin a run of bookcases. Only one is used within a run. A starter bookcase left end panel only has shelf holes on the right side of the board. All shelves are adjustable. Units 68”H and higher, do require the middle shelf to be mechanically secured after placed in desired location on the first and last bookcase in the run. All build-up bookcases have finished back panels
and/or divider panels.

ADDER BUILD-UP BOOKCASES

The first adder bookcase in a run always attaches to a starter bookcase. Additional adder bookcases attach to that first adder bookcase if desired. An adder bookcase left end panel has shelf holes on both sides of the board. All shelves are adjustable.

END-OF-RUN BUILD-UP PANEL

End-of-run panels can attach to either a starter bookcase or an adder bookcase. They cap a run of bookcases or are used whenever a run changes height. An end panel has holes on the left side of the board.

FILLER FOR BUILD-UP BOOKCASES

Fillers conceal gaps that are created when a run is built. A filler fills in light gaps. A filler kit has two pieces. The top cap fills light gaps created between the tops of two or more adjoining bookcases. The vertical panel fills light gaps created where the vertical panels of two bookcases come together.

Fillers cover the space 1) between an end-of-run end panel and the wall, 2) two bookcases in an L-configuration, 3) three bookcases in a T-configuration, and 4) four bookcases in a X-configuration. They are used in both perimeter and open-plan configurations.

Fillers are non-structural. They are always used in conjunction with an end-of-run panel and/or starter bookcase (if the filler is to the left of the starter bookcase). In all cases where a filler is used, you will need the top cap/ vertical panel kit. For some open plan applications, you will also need to purchase a separate vertical panel. The vertical panel filler will always be installed parallel to the top and vertical panel kit. This creates a light seal on all corners of adjoining bookcases.

CONSTRUCTION OVERVIEW

- All panels are ¾" thick panels and all exposed edges are edgebanded. The bookcase tops and the bottom shelf panel are the exception. They are 1" thick panels. The top also has 3mm edgebanding.
- All laminate shelves are 3/4" thick and are identical to Designer 2.0 and Illusions 2.0 shelves. No shelves are fixed. End panels have nominal 1" continuous hole placement on end panels to allow for flexible placement.
- All build-up bookcases come standard with either a finished back panel or divider panel.
- The base is shipped as a sub-assembly. The bottom shelf panel connects to the base subassembly with a friction fit to minimize installation time and provide easy access to adjustable levelers.
- Product features camlock construction.
- Ships RTA.

UNDERSTANDING SHELVES

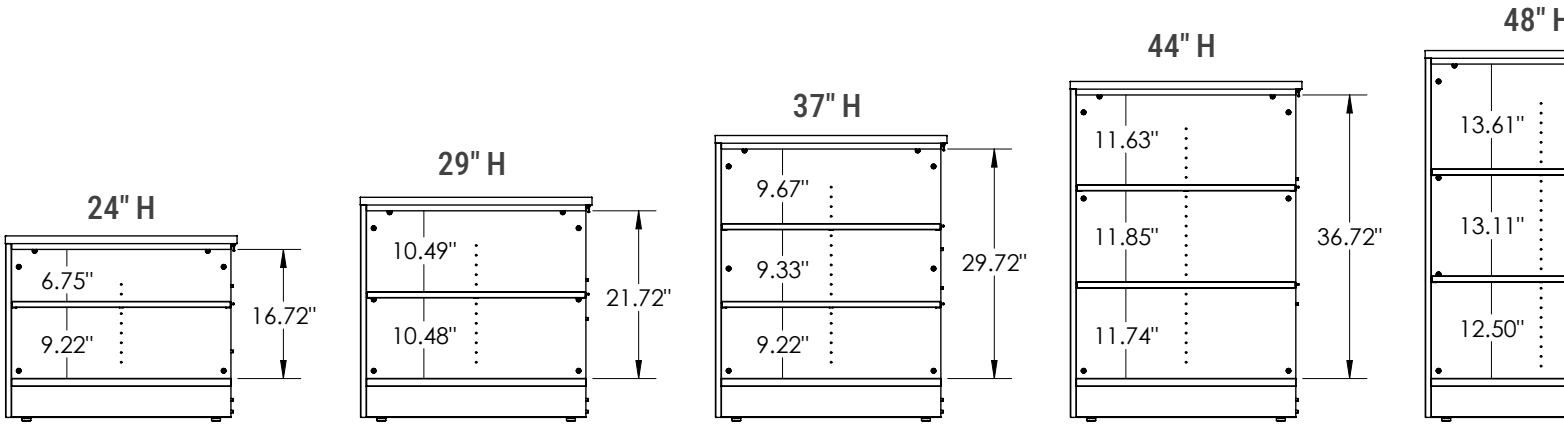
THREE TYPES OF SHELVES ARE AVAILABLE

Laminated shelf for horizontal use, metal shelf for horizontal use, metal display shelf.
All shelves are adjustable in 1.26" increments.

INTERNAL SPACING FOR BOOKS

Consult the diagrams to see internal spacing using the standard number of shelves with anticipated shelf vertical spacing. Note, none of the shelves are fixed in place, so shelves can be moved, deleted or added. If a shelf is removed, add 3/4"H overall vertical capacity. Shelves adjust on a nominal 1.25"H spacing. Shelves are nominally 11.5"D.

NOTE: To aid installation, indicator marks are provided on end panels to position shelves as shown in diagram.



UNDERSTANDING SHELVING CAPACITY

* 1.5" subtracted to allow for two 3/4" thick end panels.

When calculating books for different bookcase heights:

1. Include the number of shelves called out in the chart
2. Add one (1) additional shelf for the bookcase bottom panel, which acts as a shelf. If 1" shelf is shown, use two (2) shelves instead in calculations.

BOOK HEIGHTS

Chapter Books - 6.5" - 9" Tall

Children's and Photography - 7.5" - 12.25" Tall
(48" and 60" high bookcases are ideal for elementary)

Textbook - 9" - 11" Tall

FINISHES

We take great pride helping you make your school unique and appealing. Our newest standard laminates, paints and fabrics were carefully selected to provide fresh colorways that stimulate engagement. We also team with top surface material manufacturers to create your personal statement from their extensive standard palettes. Or, for functionality and durability, choose markerboard, phenolic resin or maple block options.

LAMINATE GRADING SYSTEM

All Fleetwood storage products, desks and tables are available in three grades of laminate with the exception of our wood frame science tables. The three laminate grades are shown below. For pricing on G5 to be applied, specify a minimum of 25 units.

	Grade 1 (G1)	Grade 3 (G3)	Grade 5 (G5)**
Laminate Type	Thermally Fused Laminate (TFL)	High Pressure Laminate (HPL)	High Pressure Laminate (HPL)
Finish	A Good Book Battleship Black Blackbird Candy Apple Catalina Catching Fireflies Cavalcade South Concord Grape Cornflower Dragon Fire Etched Gray Fresh Cut Fusion Maple Gray Gray Matrix Greige Macchiato Magnolia Mushroom Natural Rift Nori Planetree Maple Robin Rugged Trail Santa Rosa Plum Tree Sunbeam Sunny Side Up Taupe White	A Good Book Battleship Black Blackbird Candy Apple Catalina Catching Fireflies Cavalcade South Concord Grape Cornflower Dragon Fire Etched Gray Fresh Cut Fusion Maple Gray Gray Matrix Greige Macchiato Magnolia Mushroom Natural Rift Nori Planetree Maple Robin Rugged Trail Santa Rosa Plum Tree Sunbeam Sunny Side Up Taupe White White Markerboard*	Any standard Wilsonart HPL laminate in either a #38 Fine Velvet Texture or #60 Matte finish. Specify desired Wilsonart laminate color and finish level (#38 or #60). #38 Fine Velvet Texture - A smooth textured finish with moderate reflective value. Recommended for horizontal and vertical applications. #60 Matte - Textured finish with moderate reflective quality. Recommended for horizontal and vertical applications. www.wilsonart.com

* If markerboard is desired on cabinet exterior, please call for quote. Another laminate will be used on interiors, shelves, etc.

** Fleetwood standard edgeband options are automatically paired with G5 laminate materials. Contact your Fleetwood Learning Environment Project Coordinator for laminate edgeband color matching options.

CARE AND MAINTENANCE

CARE OF LAMINATE, METAL, PLASTIC FINISHES AND CHEMICAL RESISTANT PHENOLIC RESIN WORKSURFACE

Wipe product with a damp cloth to remove general soil and water-borne stains. If needed, use a nonabrasive, all-purpose cleaner suitable for hard surfaces such as Soft Scrub®, Windex®, Glass Plus®, Formula 409®, Fantastic®, or Mr. Clean® followed by a clean water rinse and dry immediately. Abrasive or harsh chemicals may discolor or mar the finish. Also, avoid abrasive cloths and sponges like Mr. Clean® Magic Eraser. Remove water spills immediately. Do not place heat producing items directly on laminate or chemical resistant phenolic resin surfaces as it may mar the finish. To sanitize surfaces, use a disinfecting, disposable wipe cloth like Clorox®.

CARE OF MAPLE BLOCK WORKSURFACES

Dust with a cloth slightly dampened with water. Clean tops with warm, soapy water and dry with rag or towel to remove any standing water on surface. Furniture wax can be applied periodically to bring back some of the luster which may be lost over the years.

Maple block is a natural material. Variations in grain and color are part of its natural character. Wood products will develop a beautiful patina over time which will modify its initial color. Exposure to sun will accelerate this process. Keep wood products at a relatively constant temperature and humidity.

CARE OF PAGES™ MARKERBOARDS AND WHITE MARKERBOARD SURFACES

Use non-toxic dry erase markers and microfiber cloths to erase. Clean the boards with soap and water only, using a lint-free soft cloth. Avoid harsh chemicals, especially ones that contain ammonia that will damage the finish.

CARE OF EDGEBAND

Use a mild liquid detergent. After cleaning, wipe the edges with a cloth dampened with warm water and dry immediately.

CARE OF FABRIC

SILVERTEX contains an antimicrobial agent. It is safe for diminishing odors and helps control bacterial growth. Cleaning instructions vary based on stain type:

GENERAL: Clean with damp cloth.

STAIN TYPE: Felt tip marker, crayon, chocolate, suntan lotion, hair/body oils. Clean with 1:1 mix of Ivory™ soap and water.

STAIN TYPE: Blood, urine, feces, oil-based paint, tar, asphalt. Clean with a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water.

STAIN TYPE: Other stains: Clean with a 1:1 mix of isopropyl alcohol and water. If stain persists, use straight alcohol.

CARE OF PLASTIC

When cleaning the E! Seating plastic shell, use warm water, a dishsoap-based cleaner, and a soft cloth. If disinfecting the shell, use an alcohol-based spray or wipe.

CARING FOR PET FELT

When cleaning PET felt, vacuum to remove dust. Remove spills immediately using a clean damp cloth or with soap and water. Polyester carpet and fabric cleaners can be used - always test an inconspicuous area first. To disinfect, bleach can be used in accordance with CDC cleaning and disinfecting instructions (Solution ratio is 5 tablespoons of bleach to 1 gallon(3.7 liters) of water or 4 teaspoons of bleach to 1 quart (0.95 liters) of water. Spray apply the solution as a mist and wipe off surface moisture).

DURABILITY OF PET FELT

PET felt is a durable and highly versatile material, but it is not self-healing. This means that any punctures, cuts, or impressions made on PET felt will remain visible. PET felt is made to withstand daily wear and tear, but it's important to avoid sharp objects to maintain its appearance and functionality.

SPECIAL AND CUSTOM PRODUCTS

CUSTOM SURFACE MATERIALS

Fleetwood storage cases feature particleboard construction with Thermally Fused Laminate (TFL) faces. High Pressure Laminate (HPL) is standard on all Fleetwood Tables & Desks and on Designer 2.0 products under 68" tall and Illusions 2.0 worksurfaces and bookcases under 68" tall. Both TFL and HPL laminate may be requested as a custom material. Contact your Fleetwood Learning Environment Project Coordinator for lead time and pricing information.

UNIQUE SHAPES AND SIZES

While Fleetwood offers a broad selection of shapes and sizes of products, sometimes you might still need a unique product or finish. We try to make this easy for you. Please contact your Fleetwood Learning Environment Consultant or Project Coordinator at sales@fleetwoodfurniture.com or 800.257.6390 for quoting assistance.

For budgeting purposes, please use the following rules for quantities of **25 or more**. Pricing does not apply for lower quantities. We encourage you to continue to submit special requests to Fleetwood as soon as possible to confirm pricing as unique considerations may impact your custom product request. Please call for all shape changes and base modifications on tables.

Product	Modification	Budget Pricing Guideline
Laminates	Wilsonart standard finish	See pricing within G5 column for supported Wilsonart finishes for quantities of 25 or more. Finishes from all other manufacturers require special quote. Call for markerboard pricing on storage

Shell colors	Paint colors	Call for quote

TERMS AND CONDITIONS

PRICING
Pricing shown in this price list is subject to change without notice. Reference Fleetwood's website, CET, Project Matrix or Kits Collaborator for current pricing.

PRODUCT
Fleetwood reserves the right to discontinue product and change product specifications. Digital images in print and web-based sites may not be exact.

ORDERS
Orders will be accepted only from authorized Fleetwood dealers. Submit orders via fax or email. No verbal orders will be accepted. Orders are binding only upon acceptance by Fleetwood and conditions set forth in the order acknowledgment and invoice. Orders are subject to credit availability.

All orders must include the following information: 1) purchase order number, 2) billing address, 3) ship-to address, 4) model number with size, description, finish selections and options, 5) quantities, 6) pricing, 7) quote number, 8) delivery date, 9) phone number and contact to call before delivery, and 10) approved drawings (if needed). Also identify 1) customer, 2) dealership, 3) dealer salesperson and 4) other relevant contacts.

An order acknowledgment will be emailed by Fleetwood after acceptance of the order. Fleetwood assumes all orders are correct as acknowledged. It is the dealer's responsibility to review and confirm that all information is correct and to notify Fleetwood within two business days of any order discrepancies. Fleetwood is not responsible for typographical errors.

Order status may be checked on our website: www.fleetwoodfurniture.com.

TERMS
Open account status is only granted after a credit application is submitted and approved by Fleetwood. New customers and international customers are cash in advance. Remittance to be sent to PO Box 1259, Holland MI 49422-1259 or sent via ACH transactions. Please contact Fleetwood Accounting department for details. Dealers with open account status and specific credit limits have payment terms of NET 30 from date of invoice.

CHANGE ORDERS OR CANCELLATIONS
Purchase orders received by Fleetwood are firm and may not be canceled or changed in whole or in part without written consent from Fleetwood. Consent will be determined by customer's agreement to pay any additional expenses that may be incurred resulting from the request to change or cancel the order.

SHIPPING TERMS
Fleetwood will determine the method and carrier that meets the delivery criteria. Shipments will be routed the best way using small parcel, LTL or truck load carriers. Shipments do not include inside delivery, liftgate or call-before notification and are subject to fees that are available upon request. All orders (unless previously determined per purchasing agreement) are subject to shipping costs. (Prices shown in price list do not include shipping costs. Rates vary based on carrier, expediting requests, and final destination.) Charges are prepaid and added to the invoice. All orders are shipped F.O.B origin. Merchandise title passes from Fleetwood to the consignee upon delivery to the carrier.

FREIGHT SHORTAGES AND DAMAGE
Buyers receiving goods must follow these instructions. Failure to follow these instructions may affect the costs for the delivery and replacement of damaged goods.

Buyer must count and thoroughly inspect all items for shipping damage before accepting delivery. If there is a shortage, please note the shortage on the delivery receipt. Note visible damage on the delivery receipt and show the driver. If damage has occurred, report this to Fleetwood within 5 business days. If it appears that damage could be possible, instruct the driver to open the carton and inspect contents. You have the right to accept partial shipments and refuse the remaining damaged units unless the items shipped via a blanket-wrapped carrier. If damages or shortages are not noted on the delivery receipt, the carrier and Fleetwood are relieved of further responsibility, and a claim may not be processed. Please save original packaging in case return shipment or inspection is required.

UPS or FedEx shipments: Inspect the shipment immediately following delivery for damage. Note all damage on the receipt and have the driver initial before you sign the receipt. Do not remove any damaged merchandise from the original carton until an inspection has been made or waived by the shipping company.

DELAYS

Orders will ship per the acknowledged ship date. If the customer requests a delay in shipment, the customer may be subject to fees associated with storage. Requests for delays must be submitted in writing. Fleetwood will provide a storage estimate based on the order size and storage terms. Fleetwood will make all storage arrangements.

RETURNS

Products may not be returned and will not be accepted without prior written consent by Fleetwood. Please contact your Fleetwood Learning Environment Project Coordinator to obtain a Return Authorization. Approved returns may be subject to restocking and other fees which will be determined at Fleetwood's discretion. Products returned must be received in new condition and will be assessed prior to issuing a credit. Non-standard product is not returnable.

STANDARD AND NON-STANDARD PRODUCT LEAD TIMES

Standard products with standard finishes published in the current price list have pre-determined lead times from receipt of order acknowledgment. Contact your Fleetwood Learning Environment Project Coordinator for current lead times. Lead times may extend if demand far exceeds forecast, which can occur during peak summer demand. Fleetwood encourages customers to place orders early to avoid this peak time.

Non-standard products and standard products specified with non-standard finishes may have longer lead times. Contact your Fleetwood Learning Environment Project Coordinator for more information. Fleetwood is not responsible for costs incurred due to delay of shipments.

LIMITED LIFETIME WARRANTY

Fleetwood Group Inc. (“Fleetwood”) warrants that Fleetwood brand products are free from defects in materials and workmanship for the life of the product, except as set forth below. This warranty applies to Fleetwood Branded Products delivered in the United States and U.S. territories. The warranty is valid from the date of delivery to the original end user and is non-transferable at its option and free of charge (for materials and components). Fleetwood will repair or replace with comparable product, any product, part or component that fails under normal use. If repair or replacement is not commercially practicable, Fleetwood will provide a refund or credit for the affected product. End user means the final purchaser acquiring a product from Fleetwood or a Fleetwood Authorized Reseller for the purchaser’s own use and not for resale, remarketing or distribution.

EXCEPTIONS TO THE LIMITED LIFETIME COVERAGE

12 years: laminate, solid surfaces, natural wood tops, fabrics, casters, glides, levelers, 5-knuckle hinges, drawer slides, locks, Rock seating surface and mechanism, Flip & Nest table mechanism, Illusions 2.0 learning wall whiteboards, E! Seating shell-to-frame connections
5 years: plastic trays and plastic rails
3 years: electrical components, pneumatic and hydraulic cylinders, soft close hinges

WARRANTY DOES NOT APPLY TO PRODUCT DEFECTS, DAMAGE, FAILURE OR LOSS RESULTING FROM:

- Normal wear and tear (including, but not limited to, scratching of epoxy tops, maple block tops and phenolic tops, and ghosting on whiteboard desks, tables and Pages, and puncturing of the Rock seating surface)
- Failure to apply, install, reconfigure, or maintain products according to published Fleetwood or manufacturer instructions and guidelines
- Use of abrasive cleaners
- Abuse, misuse, or accident (including, without limitation, use or storage of product in unsuitable environments or conditions)
- Product exposure to water or other liquids
- Unauthorized alteration or modification of the product
- The substitution of any unauthorized non-Fleetwood components for use in the place of Fleetwood components

WARRANTY DOES NOT COVER:

- Products considered by Fleetwood to be consumables, such as Pages dry erase markerboards.
- Variations occurring in surface materials (e.g., colorfastness, matching grains, textures and colors across dissimilar substrates and lots), and natural aging found in materials such as wood
- Any non-standard products that were explicitly excluded from warranty coverage and captured in writing on the quote
- Other manufacturers' products (Fleetwood will pass along other manufacturers’ warrantees.)

WARRANTY PROVIDES EXCLUSIVE REMEDIES:

• Pursuant to this limited warranty, if a product fails under ordinary use as a result of a defect in materials or workmanship, Fleetwood will 1) repair or, at Fleetwood's option, replace the affected product at no charge with a new or refurbished product of comparable function, performance and quality or 2) refund or credit of the purchase price for the affected product if, at Fleetwood's discretion, Fleetwood determines that repair or replacement is not commercially practicable or cannot be timely made.
  - A product "defect" means an inadequacy in the materials or workmanship of the product that 1) existed at the time when you received the product from Fleetwood or a Fleetwood Authorized Reseller and 2) causes a failure of the product to perform under ordinary use in accordance with the materials and documentation for the product.
  - An "ordinary use" means use of the product 1) in conformance with all applicable local, state or federal laws, codes and regulations (including without limitation building and/or electrical codes) and 2) in accordance with manufacturer recommendations and/or instructions in the materials and documentation for the product.
  - A "Fleetwood Authorized Reseller" means any dealer that 1) is duly authorized by Fleetwood to sell the product, 2) is legally permitted to conduct business in the jurisdiction where the product is sold, and 3) sells the product new and in its original packaging.

• Replacement parts are covered for the balance of the original product warranty.

Fleetwood reserves the right to request that the damaged product be returned prior to granting a remedy.

THIS LIMITED WARRANTY IS THE SOLE REMEDY FOR PRODUCT DEFECT AND NO OTHER EXPRESS OR IMPLIED WARRANTY IS PROVIDED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. FLEETWOOD SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES.

FLEETWOOD'S WARRANTY MAY BE AMENDED AT ANY TIME. CONSULT THE WEBSITE FOR THE MOST CURRENT EDITION.
